

GHR Foundation is hope-fueled global funder of service to people and their limitless potential for good.

Based in Minneapolis, we work in collaboration with partners and communities around the world, to reimagine what's possible when accelerating progress locally – toward racial and educational equity in our community; globally – through change-making approaches to persistent development challenges; and in biomedical – on groundbreaking research to treat and prevent Alzheimer's Disease and related dementias and COVID-19.

In 2020, GHR awarded more than \$50 million in grants

Our Programs

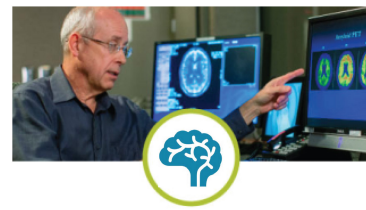

Global Engagement

Change-making approaches to persistent development challenges.

Education

Bridging gaps and building strong educational communities.

Alzheimer's

Groundbreaking research to treat and prevent Alzheimer's disease.

Our Purpose and Values

An independent philanthropy, our actions are guided by core values as we live into our purpose and bring forward a shared vision for a just, equitable and joyful future. Inspired by Catholic social justice and a commitment to racial equity, GHR works in solidarity with people experiencing vulnerability and marginalization as we seek transformative change.
